

TENseconds studio

Presents: The Metal Effects Certification Workshop

Join us for 2 ½ days of immersion into the Wonderful World of metal as we learn the A to Z of Metal Effects.

*You will become a Metal Effects Wiz as you learn to use all the tools to create dimensional objects, altered art sampler and more!

*Students will learn how to create amazing textures on Polymer Clay and PMC (Precious Metal Clay)

*Students will create their own Journey Art Case as the final project.

The workshop will include a kick-off Trunk Show for never-ending, inspiration and ideas on successful teaching techniques.

TENseconds studio is located in North Richland Hills, Texas...minutes from Dallas/Ft. Worth Airport.

This workshop is perfect for:
Store Owners
Teachers
Artists and Mixed Media Fans
Stylists

Cost: \$395.00

This includes basic tool set, metal, PMC and delectable meals
